BHARAT BIKER R.D. (CARBURETTOR & THROTTLE BODY CLEANER)

Bharat Biker Racing DNA Carburettor & Throttle Body Cleaner is a high-performance cleaning spray specially formulated for motorcycles and super bikes. It effectively removes carbon deposits, dirt, varnish, and gum build-up from carburetors, throttle bodies, and air intake systems, ensuring smooth engine performance, improved throttle response, and better fuel efficiency. This powerful solvent-based formula restores airflow for optimal combustion and reduces harmful emissions.

Application:

Bharat Biker Racing DNA Carburettor & Throttle Body Cleaner is designed for use on all types of motorcycle engines. It is highly effective for Cleaning carburetors, throttle bodies, and air intake manifolds. Dissolving stubborn carbon deposits, oil, and dirt build-up. Restoring smooth airflow for improved fuel efficiency and engine performance.

How to Apply:

1. Shake the can well before use.
2. Carburettor Cleaning:
3. Ensure the engine is off and cool before application.
4. Remove the air filter and spray directly onto the carburettor components.
5. Let the solution sit for a few minutes to break down deposits.
6. Wipe clean or reapply as needed for heavy build-up.
7. Throttle Body Cleaning:
8. Remove the air intake cover.
9. Spray onto the throttle body while opening the throttle valve.
10. Let it soak for a few minutes, then wipe off loosened contaminants.
11. Manifold & Intake Valves:
12. With the engine running in neutral, spray short bursts into the intake system.
13. Lightly rev the engine to flush out loosened deposits.

14. Reassemble components and let the engine idle for a few minutes before riding.

Performance Benefits:

Deep Cleaning Power: Quickly removes dirt, varnish, and carbon build-up, Restores Engine Efficiency by improving throttle response and acceleration, Enhances Fuel Economy for better mileage, Reduces Harmful Emissions, and is Safe for Oxygen Sensors & Catalytic Converters.

Recommendation:

Bharat Biker Racing DNA Carburettor & Throttle Body Cleaner is ideal for all motorcycles and super bikes, especially those used for daily commuting, long-distance touring, and high-performance racing. Regular use helps maintain optimal engine performance, fuel efficiency, and reduced emissions, ensuring a smoother and more responsive ride.

Typical Data Specifications:

SR.NO.	Characteristic	Test	Units	Value
1	Appearance	Visual	-	Clear Liquid
2	pH	Internal	pH	7.75
3	Viscosity	Internal	cP	10.5

***The specifications are subject to variations/development/customization.**
